

knuckle). This webpage goes into detail for anyone interested:

<http://maxshouse.com/Truth%20About%20Declawing.htm>

I recently talked someone I work with into trying 'Soft Paws' ([www.softpaws.com](http://www.softpaws.com)) before they declawed.

### Kroger Donation Card

One more thing, I usually buy groceries at Kroger and understand I can get a Straydog donation card. What is the procedure for this?

Regards,

Larry

### *Erin emails back ...*

Hi Larry,

We're so glad that Old Jed (really Very Old Jed!) is doing so well. It is wonderful that he has a forever home inside on a cool tiled floor during the summer, and a warm home in the winter too!

Thank you for the site about declawing. I will give this to the folks who might be interested in adopting the kittens.

I think that one of our volunteers is having more Kroger cards printed up. We have been handing out the Kroger cards and Tom Thumb reward card numbers at our Adoption Day, but we also can send you (or anyone) the cards. We will send you one Larry when we get more.

Thank you again for the update on Jed and for the site information for all the kittens we need to adopt out!!

Erin
